

# ANTI-BULLYING POLICY

Approved By	M Stanley (Chair of Governors)
Date	October 2016
Review Date	October 2017

## **Introduction**

This policy reflects DfE guidance for schools:

*'Preventing and Tackling Bullying'* October 2014.

This DfE guidance defines bullying as; behaviour by an individual or group, repeated over time, that intentionally hurts another individual or group either physically or emotionally. Bullying can take many forms (for instance, cyber-bullying via text messages or the internet), and is often motivated by prejudice against particular groups, for example on grounds of race, religion, gender, sexual orientation, or because a child is adopted or has caring responsibilities. It might be motivated by actual differences between children, or perceived differences. Stopping violence and ensuring immediate physical safety is obviously a school's first priority but emotional bullying can be more damaging than physical; teachers and schools have to make their own judgements about each specific case.

Many experts say that bullying involves an imbalance of power between the perpetrator and the victim. This could involve perpetrators of bullying having control over the relationship which makes it difficult for those they bully to defend themselves. The imbalance of power can manifest itself in several ways, it may be physical, psychological (knowing what upsets someone), derive from an intellectual imbalance, or by having access to the support of a group, or the capacity to socially isolate. It can result in the intimidation of a person or persons through the threat of violence or by isolating them either physically or online.

Lakeside Primary school is committed to working with staff, pupils and parents and carers to create and maintain a school community where bullying is not tolerated. The school anti-bullying policy has been developed with due regard for our duties and obligations under existing legislation and public sector duties for the safeguarding and wellbeing of all our pupils and we will take all steps to ensure their safety.

## **Aims and objectives**

The governors, head teacher, leadership team and all staff at Lakeside Primary School acknowledge that bullying is wrong and damages individual children. We therefore do all we can to prevent it, by developing a school ethos in which bullying is regarded as unacceptable.

We aim to

- show commitment to overcome bullying through practising zero tolerance.
- have a safe and secure environment where all can learn without anxiety and measures are in place to reduce the likelihood of bullying.
- ensure a consistent school response to any bullying incidents that do occur.

- make the school community aware of our opposition to bullying and we make clear each person's responsibilities with regard to the eradication of bullying in our school.

This policy aims to promote the understanding that bullying is usually caused by discontentment/unhappiness in the aggressor.

## **3: Preventing and responding to bullying incidents**

### **Prevention of bullying**

Pupils discuss bullying in the autumn term each year, linked with National Anti-bullying Week and the SEAL unit about bullying. Individual classes will address issues around bullying throughout the year in circle or discussion times.

The school works hard to ensure that all pupils know the difference between bullying and "falling out".

The school employs 3 ELSA's (Emotional Literacy Support Assistants) to work with children. They talk to children who have concerns, run circle of friends

groups or support individuals on a 1:1 basis.

### **Response to bullying**

Bullying may be reported by a child, a carer, member of staff or a parent. In some cases a child may admit to a member of staff that they have bullied another child. All reported incidents of bullying must be investigated and taken seriously by staff members.

Older children may be asked to write a report themselves. Where appropriate the wishes of the child will be taken into account before any further action is taken.

The Headteacher or a member of the leadership team will take time to discuss the issues with the victim of bullying and suggest strategies on how best to deal with the situation. Strategies to support a victim of bullying will be put in place by staff. These may include a buddy from an older class, TA/MSA support at lunchtime or the opportunity to talk regularly to a member of staff. Parents will be informed.

The ELSA's will support victims of bullying and those who take part in bullying.

Staff will take time to discuss the issues with the bully and if appropriate carry out relevant sanctions (See Positive Behaviour policy).

It will be made clear to all the children that bullying will not be tolerated.

If the incident is not too serious a problem solving approach may help. Each child must be given an opportunity to talk and the discussion should remain focussed on finding a solution to the problem and stopping the bullying reoccurring; where possible the pupils will be reconciled. The Head teacher, the leadership team and other appropriate members of staff will monitor the situation closely afterwards.

Time is spent talking to the child or children who have done the bullying, explaining to them why their action was wrong and how they should change their behaviour in the future. When appropriate we will invite the children's parents to school to discuss the situation. The school will try hard to support the offender through mentoring and by setting up home school link systems, working with parental support.

In extreme situations The SENCO or head teacher may contact external services, for example the Behaviour Support Team or Educational Psychologist.

If the incident is decided to be bullying or is serious parents will be informed and asked to come into school to discuss the issues. The Head teacher or SENCO may contact outside agencies for support. In some cases exclusion may be considered. Records of bullying are kept during the child's stay at the school.

All incidents of bullying are recorded.

The school's anti-bullying policy is available on the school website and on request from the school office.

#### **4: Recording and reporting bullying**

When a possible incident of bullying is reported it must be recorded on a "Suspected bullying incident report" form. This will be the responsibility of the staff member concerned. The Head teacher must be informed and a copy of the report form given to them.

All suspected incidents of bullying will be discussed and reviewed at Leadership team meetings.

If after investigation it is decided that the incident is a bullying incident the head teacher or a member of the leadership team will record the incident on the LA bullying/racist incident form. All such incidents will be followed up by a member of the leadership team.

If the bullying includes racist abuse the Head teacher must be informed and the incident will be recorded in the racial incident file. All such incidents will be followed up by a member of the leadership team.

Governors will receive regular updates from the Head teacher through the Head teacher's report to governors once a term. The Chair of governors will be informed of any serious incidents of bullying.

#### **Monitoring and review**

The anti-bullying policy is the governors' responsibility and they review its effectiveness annually.

They do this by examining the school's bullying incident file where incidents are recorded and by discussion with the head teacher. Governors analyse information for patterns of pupils, places or groups. They look out in particular for racist bullying or bullying directed at children with disabilities or special educational needs. The information reviewed by governors does not include children's names.

This policy is monitored on a day to day basis by the head teacher who reports to governors each term.

This policy will be reviewed annually.
