

A message from the Head of School...

This week on Tuesday it was Safer Internet Day. All children attended an assembly split into the different key stages to ensure the content was appropriate.

The theme this year was

Our internet, our choice

Understanding consent in a digital world

The children explored what giving permission looked like both in the online and offline world and then followed up with class based sessions.

In KS2 it was interesting to see the children's reactions to age restrictions for apps such as Snapchat and Instagram. To help with understanding this, National Online Safety have produced an Age Ratings Poster.

There are some useful posters provided by [@natonlinesafety](https://nationalonlinesafety.com) to give parents some useful tips to keep their children safe online.

This is a link to them

As technology rapidly develops it is essential that we keep up to date but more importantly keep talking to each other.
