

A MESSAGE FROM MRS HAYES-SMITH...

YEAR 6

Our year 6's are getting ready to move onto the next step of their education and whilst it's been a very different year than we all expected they have been absolutely amazing! We have loved watching them grow and develop into fabulous role models. We know that they will excel at their next schools and show what truly amazing young people they are.

Over the last few weeks they are experiencing a number of treats to celebrate their time at Lakeside in style. This week they have had 'Silent Disco' and a trip to Foot Golf. Here's a few comments and photos

The silent disco was awesome! We could listen to music and dance all morning. We got to choose what song we wanted at the same time.

The silent disco was fun and I loved how the headphones lit up to the music. It was funny to see everyone dancing and singing.

Good music!

It was fun!

Silent Disco

The best because I got to learn a lot of new songs!

I like the fact that we didn't have the same song over and over again, that we all got a song we loved!

I enjoyed the silent disco because I was able to listen to music and dance with my friends

"It was a fun activity to do with your friends," Poppy.

"It was an enjoyable experience with perfect weather conditions," Sienna.

"It was a nice trip out. The first one this year!" Owen.

"It was a fun hour with our friends," Josh.

"It was certainly a challenge to see who could get the best score," Alex.

"It was an enjoyable experience," Aisha.

"It was very fun as we got to go round the course lots of times. So the first time we played a proper game and the second time we could just try and get a ton of holes in one!" Alfie

Foot Golf

Lakeside is a nut-free school

Please can we remind you that there are several children in our school with serious nut allergies. Therefore, we kindly ask that you are extra vigilant when sending in food from home.

E-Safety

At National Online Safety, we believe in empowering parents, carers and trusted adults with the information to hold an informed conversation about online safety with their children, should they feel it is needed. This guide focuses on one app of many which we believe trusted adults should be aware of. Please visit www.nationalonlinesafety.com for further guides, hints and tips for adults.

AGE RESTRICTION
12+

What Parents & Carers Need to Know About

AGE-INAPPROPRIATE CONTENT
Most videos appearing on a child's feed are light-hearted and amusing. However, some clips have been reported for featuring drug and alcohol abuse, themes of suicide and self-harm, or young teens acting in a sexually suggestive way. The sheer volume of uploads is impossible to moderate entirely - so it is possible for a child to be exposed to explicit and age-inappropriate content.

EXPLICIT SONGS
TikTok primarily revolves around videos of users lip-synching and dancing to music. Inevitably, some featured songs will contain explicit or suggestive lyrics. Given the app's young user-base, there is a risk that children may view older users' videos and want to imitate any explicit language or suggestive actions.

TIKTOK FAME
The app has created its own celebrities: Charli D'Amelio and Lil Nas X, for example, were catapulted to fame by exposure on TikTok - leading to many more teens attempting to go viral and become 'TikTok famous'. While most aspiring stars hoping to be 'the next big thing' will find it difficult, setbacks may in turn prompt them to go to even more drastic lengths to get noticed.

HAZARDOUS VISIBILITY
Connecting with others is simple on TikTok - including commenting on and reacting to users' videos, following their profile and downloading their content. The majority of these interactions are harmless, but - because of its abundance of teen users - TikTok has experienced problems with predators contacting young people.

ADDICTIVE NATURE
Like all social media, TikTok is designed to be addictive. It can be hugely entertaining - but that also makes it hard to put down. As well as the punchy nature of the short video format, the app's ability to keep you intrigued about what's coming next means it's easy for a 5-minute visit to turn into a 45-minute stay.

IN-APP PURCHASES
There's an in-app option to purchase 'TikTok coins', which are then converted into digital rewards for sending to content creators that users like. Prices range from 99p to an eye-watering £39 bundle. Buying coins is now restricted to over-18s - but TikTok doesn't require users to verify their age on sign up, so a young person could easily access this feature if they were determined to.

Advice for Parents & Carers

TALK ABOUT ONLINE CONTENT
Assuming your child is above TikTok's age limit, talk to them about what they've viewed on the app. Ask their opinion on what's appropriate and what isn't. Explain why they shouldn't give out personal details or upload videos which reveal information like their school or home address. In the long run, teaching them to think critically about what they see on TikTok could help them to become social-media savvy.

MAINTAIN PRIVACY SETTINGS
In early 2021, TikTok changed its default setting for all under-18s' accounts to 'private'. Keeping it that way is the safest solution: it means only users who your child approves can watch their videos. The 'strict' (which lets users splice clips from other people's videos into their own) and 'blur' (where you build on another user's content by recording your own video alongside their original) features are now only available to over-18s. This might seem like a good idea, but it will fortify their account against predators.

LEARN ABOUT REPORTING AND BLOCKING
With the correct privacy settings applied, TikTok is a relatively safe space. However, in case something does slip through, make sure your child knows how to recognise and report inappropriate content and get them to come to you about anything upsetting that they've seen. TikTok allows users to report anyone breaching its guidelines, while you can also block individual users through their profile.

ENABLE FAMILY SAFETY MODE
Family Safety Mode lets parents and carers link their own TikTok account to their child's. Through your mobile, you can control your child's safety settings remotely - including limiting screen time, managing their ability to exchange messages (and with whom) and blocking all of age-inappropriate content. TikTok refreshed its Safety Centre in May 2021, providing new resources for parents and carers to support their safety among families. These resources can be found on their website.

USE RESTRICTED MODE
In the app's 'Digital Wellbeing' section, you can filter out inappropriate content (specific content creators or hashtags for instance) using 'Restricted Mode'. This can then be locked with a PIN. You should note, though, that the algorithm moderating content isn't totally dependable - so it's wise to stay aware of what your child is watching.

MODERATE SCREEN TIME
As entertaining as TikTok is, you can help your child to manage their time on it in the 'Digital Wellbeing' section. Under 'Screen Time Management', you can limit the daily permitted time on the app (in increments ranging from 40 minutes to two hours). This preference can also be locked behind a PIN. That way, your child can get their regular dose of TikTok without wasting the whole day.

Meet our expert
Parveen Kaur is a social media expert and digital media consultant who is passionate about improving digital literacy for parents and children. She has extensive experience in the social media arena and is the founder of Kids N Clicks: a web resource that helps parents and children thrive in a digital world.

CLIFTON MOOR PRESCHOOL TODDLER

Clifton Moor Preschool Needs Your Help

Preschool are organising their annual Sponsored Toddler and this year are hoping to raise enough money to purchase a **Fist Aid Defibrillator**.

This will be placed on the outside of the main school building and can be used if needed by the whole community.

Preschool would love you to support them in achieving this goal.

UPDATE

Thank you for all your support.

We have now got a Just Giving Page www.justgiving.com/cliftonmoor-preschool making it easier to donate.

FUNDRAISING UPDATE

Thank you everyone for your recent support in raising funds we really do appreciate it.

Between Ice lolly sales, non-uniform and donations we have so far raised an amazing £1,214.00. A large part of the amount has been through two significant donations for which we are truly grateful.

Lakers & Lakeside Primary Academy

ATTENDANCE UPDATE

Attendance at school is really important. We need to encourage good attendance whenever possible and we will continue to monitor how we are doing throughout the year. This year we really want to meet our target of 97% and appreciate your support. Holidays are only authorised in exceptional circumstances

Our School Target is 97% This week our attendance was: 97.34%

The winners this week are...
First Place: Team Sycamore with 98.44
Second Place: Team Elder with 98.81%
Third Place: Team Fir with 98.04%

ROCKS N POPS

Don't forget we have Rock n Pops in school every week teaching children to play a variety of instruments. A flyer will be sent via ParentHub with all the details if your child is interested.

Lakeside is a nut-free school

Please can we remind you that there are several children in our school with serious nut allergies. Therefore, we kindly ask that you are extra vigilant when sending in food from home.
