## Be Internet Legends.

Being an Internet Legend means being sharp, alert, secure, kind, and brave. To demonstrate these qualities, I plan to stick to the following guidelines:

### Think Before You Share

I will thoughtfully consider what I share and with whom, and keep extra-sensitive information to myself (such as my home address, current location, or other people's business).

### Check it's For Real

I will watch out for phishing and scams, and report questionable activity every time.

### Protect Your Stuff

I will take responsibility for protecting important information by crafting strong and unique passwords with characters, numbers, and symbols.

### Respect Each Other

I will spread positivity and use the skills I have learned to block and report negative behaviours.

### When in Doubt, Discuss

I will use my voice when I notice inappropriate behavior and seek out a trusted adult to discuss situations that make me uncomfortable. Because that's what it takes to be a safe and fearless explorer of the online world.

We have signed up for our pupils in KS2 to take part in a National Assembly with Google and Parent Zone's Be Internet Legends team on Friday 15th October. This special interactive event is open to all UK primary schools. so there might be hundreds or thousands of

people tuning in across the country at the very same time. The Be Internet Legends Team are looking forward to launching this online safety adventure – and challenging everyone watching to prove how legendary they are...
