A MESSAGE FROM THE KS1 TEAM

'SCIENCE IN ACTION'

HOW STRONG IS AN EGGSHELL?

In Year 1 we tested the strength of egg shells. Did you know that the dome shape of an egg allows it to spread weight evenly in all directions so that no part of the dome has to support more weight? Look how many books and Chromebooks we managed to put on. Amazing!

Year 2 predicted that they would be weak and brittle, but how wrong were we! The best afternoon making eggshell bridges and seeing how heavy the load could be before the eggshell cracked

Lakeside is a nut aware school

Please can we remind you that there are several children in our school with serious nut allergies. Therefore, we kindly ask that you are extra vigilant when sending in food from home.

Mental Health

drop your shoulders
unclench your jaw
relax your forehead
flatten your hands
breathe in
breathe out

mellow doodles

you're allowed to
do the things you
enjoyed as a child
as a grown up too.

(it might be even more
important now!)
